## *Physical Education Communication Plan 2020-2021*

**Teacher: Mr. Johnny Reid**

<b>Curriculum</b>	The Phys. Ed. program for Grades P-4 follows the Nova Scotia Curriculum Guide. The program is an activity based experience that promotes a healthy, active lifestyle. This is achieved by exposing students to a variety of physical activities and skill development in the gymnasium and in alternative environments. Some examples include, but are not limited to: gymnastics, dance, basic movements and sports. This year we will be spending the majority of our time outdoors.
<b>Assessment &amp; Evaluation</b>	Students' evaluation in Phys. Ed. is based upon the outcomes in the Nova Scotia Phys. Ed. Curriculum Guide. An emphasis is also placed on participation and attitude. Students' progress in Phys. Ed. will be assessed and evaluated, using a variety of methods, such as conversations, observations and projects.
<b>Expectations</b>	Students are expected to: <ul style="list-style-type: none"><li>• Play by the rules</li><li>• Encourage others</li><li>• Wear indoor shoes in the gymnasium</li><li>• Follow instructions</li><li>• Clean up</li><li>• Be respectful of equipment and others</li><li>• Use appropriate voice level</li><li>• Wear proper attire for outdoor</li></ul>
